Business started in 2004

Services

Our core business is SWT program. We provide full package – SWT program (DS2019, insurance, SEVIS), visa courier service (information materials, checking the applications, orientation), informational support, airline ticketing, ISIC issuing.

The only difference in the fees charged is JOB OFFER search fee (self-placed or pre-placed).

We also have different placement options and sometimes a better placement will cost more than a regular one.

Fees

We charge the students for the whole service, tickets are included

3000 RUB – Registration fee

18000 RUB – Program fee (includes DS2019, insurance)

4500 RUB – Job Offer search fee

1050 RUB – SEVIS fee

From 25 000 RUB – Airline ticket fee

From 5000 RUB – Guarantee refundable deposit

If visa is refused, registration fee is non-refundable (3000 RUB). All the rest of the charged fees are refundable.

Other Services

Meetings at Airport: Everything depends on the Placement they have. If they have sponsor placement, the representative meets the participants at the city/town of placement. The students have the information how to get to the city/town, where to stay for the night, etc.

We rely on sponsor's information as they check where everybody is and our US partners that placed the students as they are in contact with the employers for the whole summer. We get the information of any problem the student has (left job, seriously injured, etc) and employers complaints.

We contact each participant by e-mail and look for a feedback. Students have to e-mail or call us if there is a problem.

Two years in a row we visited some of our participants in the USA (East coast).

If housing or the job falls through, and the placement was organized by sponsor, they will organize appropriate change and look for housing. If a placement was organized by a verified partner agency they also will look for another placement but the housing (if not organized by them) will only be advised. If they have a problem we give them the addresses of hostels to stay for the night and leave the luggage, e-mail all telephone numbers from the area newspapers to assist with temporary housing. If the student does not like the job he/she must call the sponsor and explain the trouble in details. If the problem is really present, the student will be able to look for another job and start working there after the sponsor verifies it.
